A word from Max.....

It's best to get professional advice on what equipment you need in your home and how it is best used. With the correct advice you can remain at home and independent in a safe environment.

Home Modification Service.

Is it time you looked at some minor home modifications to ensure your comfort and safety at home? We can offer you a Home Modification Service with no waiting time.

This includes the measure and installation of;

- Shower &/or toilet grab rails
- Custom ramps
- Sliding hand shower sets
- and much more

We can also arrange an in-home OT assessment to measure and recommend the location of rails if preferred.

Installation is carried out by qualified carpenters and there is no waiting period.
